

BLEW UP THE MINES AND SHOT DEPUTIES

WILD DAY AT CRIPPLE CREEK,
COLORADO.

Three Hundred Officers Attempt to Dislodge the Strikers and are Forced to Fly For Their Lives With the Enraged Miners in Pursuit—War in Illinois.

CRIPPLE CREEK, Col., May 25.—Three hundred deputies are fleeing for their lives over Ball mountain. The striking miners blew up two gold mines with dynamite this morning, and when the deputies came they opened fire. The firing was at short range, and the aim was deadly. How many were killed is not known, but the deputies broke and fled. They are being hunted through the dense woods by the enraged miners.

DENVER, Colo., May 25.—Before another day rolls by a bloody encounter between miners and deputy sheriffs is expected at Cripple Creek. A train load of armed men has started on the Rio Grande for the camp, which is well guarded. On Bull mountain the miners are entrenched behind fortifications of hewn trees, backed with rock, and filled in with brush. The invaders say they will obey orders and admit there is more than a chance of a score of lives being sacrificed.

MINERS READY FOR THE TROOPS.
Forty Volleys Fired Into Centalla Mine Offices—Desperate Battle Ahead.

LA SALLE, Ill., May 25.—The coal companies this morning abandoned their mines and all protection was withdrawn. Five companies of militia arrived at once prepared to meet the mob of five hundred that approached from Spring Valley. A fierce conflict is expected.

CENTALLA, May 25.—A big mob attacked the mines here today and fired thirty volleys into the offices. There was no resistance, the owners having abandoned their property and fled.

SPRING VALLEY, May 25.—The miners who left here for La Salle were armed with revolvers and shot guns. They voted to liberate the men imprisoned there for participation in yesterday's riot or burn the jail down. News that Gov. Altgeld had ordered militia to LaSalle reached here at midnight, and soon after messengers began calling the strikers from their beds. They were told to meet on St. Paul street and come armed. They did so and after several addresses of a violent nature had been made, somebody in the crowd shouted:

"Shall we let our brothers stay in jail?"

"No. Let's burn the jail down," was the answer from the crowd. A leader was soon selected, the men fell in line and began their march of seven miles. They will doubtless reach there before the militia and trouble will certainly result.

SPRINGFIELD, Ill., May 25.—Gov. Altgeld last night ordered Col. Bennett of Joliet to report at LaSalle at once with one company from Ottawa, one from Streator and two from Aurora to quell the miners' riot there. Adjutant-General Orendorff was ordered to take command there.

Through requests made by the sheriff of Marion county the governor ordered Col. Smith of Greenup to select five companies of the Third Regiment to report at Centalla. Col. Bayle, assistant adjutant-general, will go to that point at once to take command.

Sheriff Taylor of La Salle county said he, with a large force of deputies, had been attacked by several hundred miners with stones, revolvers and other weapons, shooting three of the deputies, severely injuring several others, including himself. He was unable to quell the riot and there was imminent danger of great loss of life and destruction of property if immediate action was not taken by the governor for such military aid as could be furnished. There are 3,000 striking miners at Spring Valley, Ladd, and Seatonville who are likely to come there at any time and continue the riot. A mob is surrounding the hotel where the sheriff is lying wounded.

Sheriff M. J. Helms of Centalla telegraphed that he had arrested seventy-five men for conspiracy in destroying property, that he has 200 armed deputies. The mines at Sandoval, Kimmund and Odin are threatened with destruction by approaching miners, who are also determined to release those under arrest.

CARBONDALE, Ill., May 25.—A mob of three hundred miners have just left here for Centalla to aid in releasing the strikers arrested yesterday by the sheriff. They have a Gatling gun which they secured from militia headquarters, and with which they say they will be more than a match for the troops ordered out by the governor. The men are armed with revolvers, rifles, clubs, and other weapons, are apparently sober, and swear they mean business. They are marching down the Illinois Central tracks.

SHERIFF OF LA SALLE OVERCOME.

Great Mob of Strikers Makes a Raid and shoots to Kill.

LA SALLE, Ill., May 25.—An attack was made yesterday on the La Salle County Coal company's shaft by a mob of 1,500 striking miners. Several deputy sheriffs and some of the strikers were shot. The deputy sheriff fired into the air. The strikers, but

soon returned and threw stones. Then there was a hand-to-hand conflict in which many shots were exchanged. Sheriff Taylor was knocked down, trampled on, and badly kicked and beaten. His injuries are not serious. Three other deputies were injured. Five of the strikers are thought to have been hit by bullets and seriously hurt. The mob was finally dispersed with the aid of the local police and three rioters were arrested.

The miners determined to free their comrades and marched to the hotel, where they demanded the liberation of the prisoners, but they had been removed to Ottawa. Being assured that the prisoners were not in the hotel the mob proceeded to the city jail, where a third one was confined, and with threatening cries demanded that the man be liberated. The men said they intended to tear down the jail if their demands were not acceded to, so at 9 o'clock the man was set free. The situation is so serious, owing to the mood of the miners, that an urgent appeal was made for troops.

VIOLENCE AT CENTALLA.

Property Destroyed and the Governor Urged to Order Out Troops.

CENTALLA, Ill., May 25.—Yesterday was a day of great excitement here. The miners who stole a train at Duquoin arrived here at 3 a. m., and at 5 o'clock they assembled at the Big Four mine and commenced destroying things. The engine was wrecked, the dynamo injured, the office furniture demolished, the tracks torn up, the cages and cars with all loose timber and rubbish piled into the shaft. The damage is estimated at \$5,000, and it will take a month to clear out the shaft. Later the party divided, a part going to Sandoval and the rest to Odin, intending later to go to Pana. The sheriff swore in 100 deputies and started on a special train to Sandoval. There he dispersed the mob. The situation became more serious late at night when it was reported a great crowd of strikers was coming here from various points to release the miners under arrest. Then another appeal was made for state aid.

SPRINGFIELD, Ill., May 25.—Sheriff Helms of Marion county telegraphed from Centalla to the governor, reciting the events of the morning at the Big Four mine, and asking for troops. This answer was wired:

"Troops can only be sent when local authorities show that the condition requiring their presence specified by law actually exists."

The adjutant-general has a battalion of troops all ready to be dispatched to the scene of trouble in twenty minutes, and can mobilize 1,000 militiamen at Centalla in one hour. No one will be sent from headquarters to the scene of strife, as it is believed the local authorities can handle the matter.

MARION, Ill., May 25.—A force estimated at 250 left the Illinois Central railway for the mines yesterday and trouble is expected.

PANA, Ill., May 25.—Pana is much excited on account of advices from Centalla that 700 strikers from Duquoin and other places had destroyed a mine at Centalla and were en route to Pana for the same purpose. Sheriff Johnson has sworn in 200 deputies. Trains from the south on the Illinois Central, except mail trains, were discontinued.

CLOSE TO PREVENT TROUBLE.

Miners at Staunton Are Forced to Stop Work—Quiet at Other Points.

STAUNTON, Ill., May 27.—Mine Nos. 6 and 7 here, have closed down to prevent trouble and possibly bloodshed.

KEWANEE, Ill., May 25.—The miners unanimously voted to quit work out of sympathy for the other strikers. The committee has gone to Galva to ask the miners there to quit.

SPRING VALLEY, Ill., May 25.—The excitement of the last two days has subsided. The Knights of Labor called a meeting and decided to allow the fires to be put out in mines, and ask the miners, except those working on fires, to remain away; also, protesting against any interference with those at work.

DECATUR, Ill., May 25.—The coal miners' strike was partially broken yesterday. Twenty new men went to work Wednesday evening under the lead of two experienced miners.

DANVILLE, Ill., May 25.—The mining situation here is quiet, as no men are at work in any of the mines. The coal famine is getting serious, several planing mills having shut down within the last two days for lack of fuel. The striking miners are allowing coal to be mined for the use of the water works.

MINONK, Ill., May 25.—Coal is scarce here and is being hoarded. The miners here are quiet and determined. There is no prospect that the strike will soon end.

RAILROADS HINDER SETTLEMENT.

If They Will Abrogate Contracts the Strike Will Come to an End.

COLUMBUS, Ohio, May 25.—Indications point to a settlement within ten days of the coal miners' strike, and if present negotiations are successful the 200,000 men now in voluntary idleness will soon return to work. The trouble is that a large number of operators, mostly of Pennsylvania and Illinois, are bound by contracts with different railroad companies to furnish the railroads with hundreds of thousands of tons of coal at a price based upon the conditions of trade before the strike was inaugurated, and unless the railroad companies can be prevailed upon to declare these contracts off the operators bound by them can not possibly pay the increase in wages agreed upon.

BRIBES HELD OUT BUT WHO GRABBED?

SENATE INVESTIGATING COMMITTEE ENDS ITS WORK.

Buttz Is Found Guilty of Using Corrupt Influence But Senators Hutton and Kyle Are Acquitted—Hawaiian Resolution Given Another Turning Over This Morning.

WASHINGTON, May 25.—There isn't much comfort for the sugar senators in the report of the Gray committee, filed today. The committee found plenty of proof that there had been attempts to bribe, but were not convinced as to who got the fat. The committee finds that Buttz made barefaced attempts at bribery but exonerates Senators Hutton and Kyle.

Sensor Kyle brought up his Hawaiian resolution in the senate today and after a discussion on that point the tariff debate was again resumed. Kyle's resolution, which declares against any attempt to restore the queen in Hawaii was taken up yesterday in the senate and discussed. Unanimous consent was asked to put it on its passage, when the tariff bill came up as the unfinished business and the resolution went over.

Mr. Hale (rep., Maine) led off with a sarcastic comment on Mr. Gorman's speech. The bill as it now stood, Mr. Hale said, had no responsible parents. It was the result of the intercourse of those who had abandoned party principle with the easy virtues of a few protected industries and the habitual prostitution of the trusts. It had its origin in the back room of a New York office.

The Aldrich amendment to increase the duty on tinplate to 1½ cents per pound was laid on the table, 36 to 26. The Jones tinplate amendment was then adopted, fixing the duty at 1½ cents, as was also the Jones amendment grading the duty on steel ingots, blooms, etc., according to size, value, etc.

The surprise of the day was the acceptance by the finance committee of an amendment offered by Mr. Allen, the Nebraska populist, to place barbed wire on the free list. Mr. Powers' amendment to include other classes of fence wire was defeated.

In consultation Senators Harris, Jones, Vest, Brice, Cockrell and others decided to notify the republican side that the progress made was not satisfactory and unless the tariff bill moved along more rapidly longer hours would inevitably result. Several republican senators, it is believed, will yield to the pressure upon them and consent to having the Jones and committee amendments laid on the table.

CIVIL SERVICE WILL STAND.

House Does Not Cut Out the Appropriations for the Commission.

WASHINGTON, May 25.—After clearing the table of some routine business at 12:30 o'clock yesterday the house went into committee of the whole to consider the legislative appropriation bill. The republicans were unsuccessful in their efforts to amend the pension paragraph so as to strike out the \$300,000 appropriation for special investigation of alleged frauds. Mr. Alderson (dem., W. Va.) tried to have struck out the provision for contingent expenses of the civil service commission, but was voted down. Mr. Stone (dem., Kan.) offered an amendment striking out the provision for assistant attorneys to defend the government against war claims, and it was defeated. At ten minutes to 4 the committee of the whole completed the consideration of the bill and it was reported. The Hayes anti-docking amendment was defeated—yeas, 104; nays, 127. The amendment of Mr. Enloe (dem., Tenn.) striking out the appropriation for the civil service commission was lost—50 yeas to 158 nays—amid republican applause. The legislative bill was then passed. The house bill to incorporate the supreme lodge Knights of Pythias was passed. A resolution was adopted setting aside Saturday, June 22, for eulogies on the late Representative Houk of Ohio.

The Armor Plate Investigation.

WASHINGTON, May 25.—The congressional investigation into frauds and irregularities in naval armor plate began yesterday with open doors. Representative Dunphy's statement detailed the early discovery of irregularities and the investigation made by the navy department which led to the firing of the Carnegie company. He said that one plate was picked out as a sample of a large number of plates amounting to 448 tons. When a secret retreatment had been made it served to pass the sample plate, and that in turn passed the entire 348 tons of armor.

Mr. Dunphy then spoke of blow-holes in the armor of the monitor Terror. Experts had gone to the navy yard and actually had located two blow-holes which had been filled up to deceive the government. Similar blow-holes existed in the armor of many other ships, but it was impossible for the experts to locate the defects, as the ships were abroad at their stations.

McMillan Ends His Life.

JACKSONVILLE, Ill., May 25.—Hon. James T. McMillan, member of the last legislature, committed suicide last evening. He had been in poor health for some time and was despondent.

TRIED TO BOIL OUT MRS. WEST'S EYES.

PECULIARLY BRUTAL ASSAULT MADE BY HEBRON WOMEN.

The Sensational Allegation Upon Which Mrs. Caroline and Fannie Meeker Are Locked Up In the Jefferson Jail And Will Be Tried In the Circuit Court.

JEFFERSON, May 25.—Mrs. Caroline and Fannie Meeker assaulted Mrs. H. J. West, of Hebron, and it is alleged tried to put out her eyes with hot water, which they threw over her burning her seriously. The women were taken to Fort Atkinson and bound over to the circuit court on the charge of assault with intent to do bodily harm. Bail was fixed at \$200, which was not obtained and they were brought to the jail here.

INDIANA POPULISTS.

State Ticket Nominated by the Indianapolis Convention.

INDIANAPOLIS, Ind., May 25.—The populist state convention here yesterday was held in Tomlinson hall. There were 2,952 votes, and the enthusiasm was of a cyclonic character. It was the biggest third party demonstration and has perhaps greater significance than any convention of any minor political party held in Indiana since the first republican convention before the war. Optimistic populists in talking of the situation in Indiana declared that they had three times as many voters in the state as they had two years ago, when the count showed 22,203. Some went so far as to claim they would poll 100,000 votes at the election next fall.

The platform was introduced by a preamble that dilated on the condition of the farmer and ended by indorsing the Omaha platform. In addition the usual silver plank was adopted. The platform demanded a constitutional convention to reform taxation, an income tax, equal suffrage, restriction of the liquor traffic, laws against child labor, laws for arbitration in labor troubles, municipal ownership of monopolies, the election of United States senators and postmasters by the people, raising the circulating medium to \$50 per capita; declared against the issuing of gold bonds and unalterable opposition to all banks of issue. The platform also denounced the persecution of Coxeyism.

The candidates nominated, with residences, are:

Secretary of state, Dr. C. A. Robinson, Fountainville; auditor, Edgar A. Perkins, Indianapolis; treasurer, A. B. Keopert of Logansport; attorney-general, Silas M. Holcomb of Tipton; superintendent of public instruction, Capt. A. J. Allen of Vigo county; supreme court clerk, J. Harry Montgomery of Lawrence county; state statistician, N. P. Smith of Indianapolis; geologist, Prof. Edward Kiddle of the state university; supreme court judge, Fourth district, D. W. Chambers; supreme court judge, First district, left to state committee.

KELLY SAILS.

Wealers Drift Down the Mississippi to Hannibal, Mo.

QUINCY, Ill., May 25.—The Kelly fleet has left Quincy and the flotilla is drifting down the river, nearing Hannibal. The fleet is a crude affair and won't stand much rough weather. The flatboats built at Des Moines have been lashed together in sets of four, decked over, and the gunwales raised, making thirty boats, each twelve feet wide and thirty-two feet long. Ten of the army's sick were left behind in the city hospital, and eight more will stay to prove an alibi for their comrade Evans, in jail for stealing a watch.

TOLEDO, Ohio, May 25.—Randall's army arrived at Lima from Delphos yesterday. The wealers are receiving the best of treatment from Ohio authorities and will go on to Ada this morning. Sullivan's army will break camp at Fremont this morning and try to make Berlin before the next stop.

MASSILLON, Ohio, May 25.—The story that J. S. Coxey has received donations amounting to \$12,000 is discredited here. Just before Washington was reached he said the actual contribution by mail amounted to \$75.

Nominated for Congress.

HAMMOND, Ind., May 25.—Charles R. Landis of Carroll county, editor of the Delphi Journal, a comparatively young man, was nominated yesterday for congress in the Tenth Indiana district after one of the most turbulent conventions recorded in the history of the party. It is feared the nomination may cause a split in the ranks of the republicans in this district.

Strikers Sent Back to Their Homes.

LEAVENWORTH, Kan., May 25.—Capt. Steve Ryan of Napoleon, Mo., and 100 of the striking miners were marched through this city in charge of Sheriff Rothenberger and hundreds of armed citizens, and compelled to cross into Missouri, whence they came. The rest of the mob gave up the invasion at Wallula.

Sloux City Faces a Coal Famine.

SIoux CITY, Iowa, May 25.—Street railways, water works and other large power-consuming establishments will be compelled to shut down unless coal can be had in forty-eight hours. There is plenty of coal at Omaha.

STRIKERS SHOT LIKE BRUTES.

One of the Incidents of the Labor Trouble in Pennsylvania.

UNIONTOWN, Pa., May 25.—Yesterday the battle which has been threatened at the Stickle Hollow mines of the Washington Coal and Coke company in the fourth pool occurred and as a result several strikers are lying dead and many are seriously wounded. They were mowed down by the fifty Winchester guarding the plants. It can not be said to have been a battle, as not a shot was fired by the strikers, but seemingly without provocation the volleys were fired by the deputies while the strikers were assembled in the public road. Shortly before midnight last night 2,000 strikers assembled at the Stickle Hollow plants, coming from Lucyville, Fayette City, Freeport, Allentown and many other points on the Monongahela river. Some of them were armed but the majority were not. They went into camp near the plant, where they remained until 3 o'clock, when they adjourned to the public road leading to the works and over which the workmen would have to pass to the pit. Here they worked a line of defense to interrupt the workmen and attempt to get them to return home. According to the plans, they stopped the first delegation of miners and, after a little persuasion, induced them to join the strike. The men turned back and about the time they were starting back home with their dinner buckets the deputies, who were on guard and witnesses to the affair, were ordered to shoot.

They fired three volleys into the mob at a range of only about fifty yards. The first volley brought forth no response from the strikers, who were thought to be well armed, but instead they ran in every direction, leaving the dead and wounded lying in the public road.

The deputies followed with two more volleys and were shooting when the last strikers disappeared. The report of the affair given by the officials of the company is to the effect that three strikers were picked up lifeless in the road after the shooting and about a half dozen wounded ones were carried away.

Later reports say six men were killed, sixteen wounded. The plant is so far back in the country that the actual facts have not been received. The company officials say that the strikers served notice on them that they expected to assault the works and acting on this information the deputies considered this interference with the workmen as the beginning of the assault and for that reason fired on them.

Sixty-six of the strikers were placed under arrest and are in jail here. The situation at the mines is alarming and more serious trouble is expected within the next twenty-four hours. Reports late last night are that 3,000 strikers from the lower end of the fourth pool were marching on Stickle Hollow thoroughly armed for the purpose of storming the works regardless of consequences.

SENATE INVESTIGATION.

Investigating Committee Hears More of the Testimony.

WASHINGTON, May 25.—The senate bribery investigating committee yesterday began the inquiry into the connection of the sugar trust with tariff legislation. E. J. Edwards, author of the "Holland" letter in the Philadelphia Press, was before the committee for several hours. It is known that Mr. Edwards presented a written memorandum giving some of the sources of the information contained in his letter, and stating that he could not give his authority in other cases and why he could not. He declined to give his authority for the information contained in his letter to the effect that Secretary Carlisle had appeared before the tariff subcommittee, consisting of Senators Jones, Vest and Mills, before the original senate bill was reported, and had insisted that sugar be given protection because of the party pledges made previous to the election, or for the statement that Mr. Carlisle had himself revised and written the sugar schedule. This schedule, as prepared by Mr. Carlisle, is still in existence and might be obtained. The fact could be definitely ascertained by summoning members of the finance committee.

Harry W. Walker, correspondent of a St. Louis paper, was asked to state where he had obtained the information published by him that a prominent member of the cabinet had intimated that the President himself had confessed that the democratic party was under obligations to the sugar trust. He declined to give the name of the congressman who had given him the information.

The committee has sent the testimony taken in the first part of the inquiry relating to the attempted bribery of Senators Hamlin and Kyle to the printers. It is understood that the report will entirely exonerate Senators Hamlin and Kyle.

No Killing at Little's.

EVANSVILLE, Ind., May 25.—The story of a riot and bloodshed at Little's mines was exaggerated. Miners from Washington went to Little's to persuade the men to come persuade the men to come out and during the alterations a slight contest arose but with no serious results.

"At Port Washington & Panhandle freight train was held up, and the company has asked for protection.

BANG WENT THE GAS IN A BALLOON SHOP

DISASTROUS EXPLOSION IN A GERMAN MILITARY POST.

One of the New Departments of the Army Responsible For a Serious Accident—Building Torn to Pieces American Officers Banquetted By a British Navy in London.

BERLIN, May 21.—An explosion early this morning in the gas meter of the military balloon department at Tempelhof did terrible damage. Employees were blown in every direction and the building was made a complete wreck.

Banquet to American Officers.

LONDON, May 23.—The banquet tendered to Admiral Erben, Capt. Mahan, and the officers of the United States cruiser Chicago by officers of the British navy and army and distinguished citizens of Great Britain was held last night in St. James' hall. The occasion was marked by great enthusiasm and distinguished honors were shown the visiting Americans.

SMITH HERESY CASE.

Presbyterian Assembly Begins the Hearing of the Appeal.

SARATOGA, N. Y., May 25.—The Smith heresy case drew a large attendance of spectators to the Presbyterian general assembly yesterday. The gallery was filled, and when the session opened at 9:30 the only vacant seats in the house were those reserved for the family of Prof. Smith. They were not occupied until the appeal case was ready and then Mrs. Smith entered, accompanied by Mrs. Briggs of New York, Dr. Henry M. Field, Dr. Rollin A. Sawyer and Prof. Smith's mother and brother.

Editor Yereance of New York rose to a question of privilege and called attention to an article published in the Evangelist, of which Dr. Field is editor. The matter complained of referred to the election of moderator last week. A commission protested against the advertising that was being given to what Mr. Yereance declared was "reputed to be a religious newspaper."

The judicial committee asked to have its report on the Smith case returned to it for slight change. This was granted and the proposed change was made, affecting the rule for the hearing of members of the assembly. It was provided that the assembly shall be heard upon roll call, three minutes being granted to each member.

Dr. Young, ex-moderator, protested against such waste of time. He stated that this rule of last year caused the assembly to lose a whole day and a half. Despite this objection the rule was adopted.

Shelved for the time being is all hope of the reuniting of the Presbyterian church north and south. The Presbyterian general assembly yesterday received the following telegram:

"The blessing of God having rested upon our church in her separate existence and work, the general assembly of the Presbyterian church in the United States, in session in Nashville, Tenn., with affectionate fraternal greetings to the general assembly of the Presbyterian church of the United States of America, in session at Saratoga Springs, N. Y., and wishing it godspeed in every good word and work, regards it as unwise to reopen the question of organic union."

The telegram was signed by Moderator R. J. Graham and Stated Clerk Joseph R. Wilson of the southern general assembly.

The case of Prof. Smith, charged with heresy, occupied the entire day.

Sensor Hill's Attitude.

WASHINGTON, May 25.—Senator Gorman's practical assurance in his speech Wednesday that the democratic party in the senate is united in support of the tariff bill has led to a renewal of speculation as to the attitude of Senator Hill. There is a difference of opinion as to whether Mr. Gorman meant to include Senator Hill on the list of supporters or to create the impression that the bill would have the support of a democratic majority without Hill's assistance; but it is considered probable by those high in the councils of the Maryland senator that he had assurance that the bill would have the support of Mr. Hill when the final test should come.

Surveys of Public Lands.

WASHINGTON, May 25.—Surveyors of public lands are hereafter to be paid for by the government during the year in which work is actually done, according to a decision by First Comptroller Bowler of the treasury department. The opinion is of considerable importance to the general land office and will affect contracts made for work prior to the beginning of the next fiscal year.

No Report of Damage.

WASHINGTON, May 25.—No information has reached the department of agriculture as to the damage to crops caused by recent storms. Nothing will be received before the regular monthly crop report, to be made public on June 10.

New Postoffice for Chicago.

WASHINGTON, May 25.—The house committee on public buildings has decided to erect the new Chicago post-office on the site of the present building.

COUNCIL IS CALLED IN A CHURCH CASE.

REV. RICHARD MILLER'S RELATIONS TO HIS FLOCK.

Milton Congregational Misunderstanding Left to Representatives From Janesville, Beloit and Other Neighboring Towns—Memorial Day Plans—Porter Creamery a Success.

MILTON, May 25.—The mutual council called by the Congregational church and Rev. R. Miller, will meet on Tuesday, June 5, at 11 o'clock a. m., to consider the differences between the church and pastor, and to review the proceedings on both sides, to hear all that has been published, spoken, written or done and to consider the present relations of Rev. Mr. Miller to the pastorate of the church and the propriety and desirableness of his continuing to act as pastor, also to advise in the premises. The council will be composed of the pastors and a delegate from each of the following churches: Janesville, Delavan, Whitewater, First and Second churches Beloit, Fort Atkinson, Stoughton, and President Eaton and Professors Blaisdell and Burr, of Beloit college. On Thursday evening from 5 to 10 p. m. at the Seventh Day Baptist church, occurs the B. L. & O festival of the King's Daughters. No one can afford to miss it. Tickets now on sale at Clarke's book store. County Superintendent Ray W. Taylor, of Walworth county, was in town Tuesday. He made many friends here when a student, who are always glad to meet him and he has a warm regard for his Alma Mater. R. W. Brown's new house on College street is enclosed and shingled. Porter & Soverhill's warehouse furnished work for sorters and packers this week. If mother earth is not saturated now water will not do it. Miss Nellie Brown has gone to Rockford now and other points in Illinois to spend a month with friends. The Grand Army and Relief Corps attend Memorial services at the M. E. church tomorrow morning, Rev. W. H. Summers officiating. G. R. Fetherston represents the grain firm of S. Kraus & Co., Milwaukee, here and at the Junction. James Willard, of Walworth, is making this village his home for a time. Mrs. John Cunningham, of Janesville, visited her Milton relatives Wednesday. Rev. Richard Miller has accepted an invitation to deliver an address at the Grange hall, Janesville, on Memorial day. Memorial day will be observed here and the following programme carried out: The A. D. Hamilton Post and W. R. C. will meet with the citizens of Milton Junction at the cemetery in that village at 10 a. m. and decorate the graves there. Music will be furnished by the high school quartette, at 2 p. m. public exercises will be held on the park, in the village, weather permitting. The address will be delivered by Rev. Mr. Cole, pastor of the First M. E. church, Janesville. Vocal music will be furnished under the direction of Miss Imogene A. Dunn and instrumental music by the Milton Junction Cornet band. The College Cadets and students and children of the public school will participate in the decoration ceremonies at the cemetery. George B. Shaw, son of J. L. Shaw, of this place, and a graduate of Milton college, has recently been ordained as a minister of the Seventh Day Baptist denomination. The funeral of Mrs. Mary Jackson at the Seventh Day Baptist church Thursday afternoon, was conducted by her pastor, Rev. W. H. Summers, assisted by Rev. E. M. Dunn and Rev. Mr. Andiss, the latter an old time friend of the deceased in England, who now resides at Portage. The music was furnished by a union choir, under the directorship of Dr. J. M. Stillman. The church was crowded by the friends and neighbors of the departed, the W. R. C. attending in a body. Among the floral offerings were pieces from the Epworth League and Ladies' Aid Society of the W. R. C., Daughters of Rebecca, King's Daughters and public school children. The remains were accompanied to their last resting place in the village cemetery by several hundred sorrowing friends. The relatives present from out of town were: H. Thompson, of Westmoreland, N. Y., brother of Mrs. Jackson, and Mr. and Mrs. C. Jackson, of Fort Atkinson.

MEMORIAL DAY IN SHOPIERE.

Plans Completed For An Observance of the Day—New Creamery Superintendent.

SHOPIERE, May 25.—Rev. E. K. Maniton will address the old soldiers at the M. E. church on Friday evening.

Shepp's World's Fair Photograph.

SPECIAL—May 25.

For a short time those who failed to secure regular coupons can get any issue or issues of Shepp's World's Fair Photographed, by presenting one copy of this advertisement, together with 10 cents for each part desired, at the Gazette office. The supply in several numbers is nearly exhausted. Early orders are advisable.

May 27. Arrangements have been completed for Decoration day. There is a good program and Smith & Gaults band will furnish the music. B. R. Hiltz will deliver the oration and our ministers will take part. Committees will meet at the church on the hill at eight o'clock Wednesday morning. Dan Spicer came up from Harvard on Monday to take charge of the new creamery at the depot.

SWELL WEDDING IN EVANSVILLE.

W. H. Antes and Miss Mary A. Pullen United—Two Hundred Guests.

EVANSVILLE, May 25.—About two hundred guests gathered at the residence of Hon. L. T. Pullen, last evening to witness the wedding of Miss May F. Pullen and William H. Antes. The ceremony was performed by Rev. Mr. Davis, Miss Anna Bennett, of Chicago, and Miss Anna Willis, of Webster, Iowa, being the bridesmaids and Messrs. Feltz and Worthington, of Rockford, the best men. Many guests from abroad added their congratulations, some of those present being Hon. I. M. Bennett, wife and daughter, of Chicago, Miss Stover, of Monroe, A. P. Burnham and wife, and George Brink and wife of Janesville, Wis., Charles Burnham and wife of Edgerton, Wis., besides others from Milwaukee and Madison and a large delegation of the groom's friends from Rockford, the former home of the groom. Both of the contracting parties are well and favorably known, the bride being the only daughter of L. T. Pullen, and a lady of wealth and refinement. The groom is widely known, having spent sixteen years "on the road" as traveling salesman, and leaving that vocation after having sold goods in every state and territory in the union. He engaged in the furniture trade here in company with William Young. That the "partnership" he entered into yesterday may be a long and happy one, is the wish of many friends of bride and groom.

William Monahan and George Bidwell, Jr., according to Bidwell's statement, started for prayer meeting at the seminary last Tuesday evening. Something intervened and the young men were turned from their righteous path. On Church and Third streets they proceeded to have what they called a "good time." The residents for several blocks thought a pair of steam callopes of unusual capacity had been turned loose, and those near enough saw the latest Indian war dances executed with rare vigor. One gentleman thought they were drunk and accordingly swore out a warrant. The parties were brought before Justice Phillips, A. W. Dibble for state and R. M. Richmond for defendants. Monahan stood trial, was found guilty and fined \$3 and costs. Bidwell pleaded guilty and received a fine of \$5 and costs. Justice Phillips gave the boys a sensible, friendly lecture, and if his advice be followed the boys may become respectable citizens, and their parents to be spared future shame and grief.

PORTER CREAMERY IS A SUCCESS

Already Handling 5,000 Pounds of Milk a Day and More Is Expected

PORTER, May 25.—Eagle creamery is meeting with quite good success, about five thousand pounds of milk being separated daily, and about as much more is expected soon. The factory runs on Sunday the same as Wednesday. The cold, wet weather at present writing does not look very promising for corn. Miss Maggie Stafford, of Edgerton, spent Sunday here. James Murphy has his new house nearly completed. D. Devine and wife, of Edgerton, were the guests of Mr. and Mrs. B. Farrington last Sunday. J. Condon, of Newville, spent Sunday with friends in this burg. Miss Della Auers expects to leave for St. Louis this week. Her many friends will miss her greatly. Mrs. Moore and son are visiting relatives here. Mr. and Mrs. Hugh, who were married last week, are now residing on the groom's farm here, and are at home to their many friends. Miss Minnie Hayward spent Saturday and Sunday with relatives in Newville. Mr. and Mrs. Clynapper, of Stoughton, attended church here on Sunday. Will McConnoh and sisters Maggie and Katie of the town of Janesville, visited with friends here the last of the week.

TEMPLARS HAD A LONG SESSION.

Two Degrees Conferred Upon a Janesville Candidate and a Banquet Later.

Beginning at 4:30 yesterday afternoon and lasting until late at night there was a special session of Janesville Commandery No. 2, Knights Templar. The Red Cross and Templar degrees were conferred upon Engineer Reinhold Erdman, of this city. Supper was served to the members at McDonald's, after the initiation. Dr. Smith and Mr. Campbell, of Evansville, and Hon. H. C. Putnam and Dr. Owen of Brodhead, were present.

ALL PELTON SAVED GOES TO TWO HEIRS.

OTHERS GET NO SLICE OF THE \$50,000.

Judge Bennet Takes the Case Out of the Hands of the Jury and Decides In Favor of the Will—Aged Testator Was of Sound Mind.

The \$50,000 that David M. Pelton raked and scraped together will go where he willed it. Two heirs get it all and a dozen others are left out. Testimony closed yesterday afternoon and the attorneys for proponents asked the court to decide the matter without submitting it to a jury. The judge stated that he thought the evidence in favor of the will so strong that he would be compelled to sustain the will whatever might be the finding of the jury, and then proceeded to sum the testimony and found in favor of the will at every point.

A desperate fight was made against the will, nearly eight days being occupied in taking testimony. Pelton, the testator, in his lifetime, resided in the city of Beloit and town of Turtle. He was only a common laborer, but had amassed a fortune of about sixty thousand dollars. He was saving even to stinginess, and loaned his money at the highest rates of interest. He was born in 1800 and died in 1893. In 1886 he made a will, which was drawn by Hon. S. J. Todd, of Beloit, and witnessed by Mr. Todd and Walter M. Brittain, the banker. In 1885 on account of the death of a relative, he made a codicil to his will, which was witnessed by S. J. Todd and Dr. Bell.

It was claimed by the contestants that Pelton was mentally unsound and wholly incompetent to make a will for the last ten years of his life. Witnesses were brought from Illinois and Michigan who had known him years ago. The proponents had an equal number of witnesses, among them S. J. Todd, Dr. Samuel Bell, Sidney Wright, Mrs. Cornell, Wm. Blazer, Lester Northrop, Calvin Johnson and Parley Isham. J. G. Wickhem, of Beloit, and Sutherland & Nolan, of this city; while the contestants were represented by Winans & Hyzer and Jackson & Jackson.

HOT SPARRING AT A PICNIC.

Lou Agnew and William Mason to Meet in a Friendly Contest.

Lively sparring matches will be a feature of the Olive Branch lodge's picnic at Crystal Springs, June 13. William Mason of this city will go against Louis Agnew of Chicago. Agnew has fought a draw with Young' Griffo and has beaten many clever Chicago pugilists. Mason has met and defeated Lew Morgan, Aberdeen, Dakota, ten rounds; Fierman Biznan, Port Huron, ten rounds; Ben Hill, Chicago, six rounds; Prof. Johnny Clark, Chicago, three rounds; Heavyweight Sloan, Chicago, four rounds; Jack Perry, Chicago, four rounds; George Hall, Chicago, two rounds; George Williams, Chicago, three rounds. He fought a draw with Biddy McMahon, Detroit, in eight rounds.

There will be set-tos between local celebrities. Otto Schicker is arranging the programme.

INCIDENT AND ANECDOTE.

J. L. Barnard, who was arrested at New Orleans after he had stolen the bibles out of five church pulpits, in confessing the theft said he resorted to stealing only because he had no work, and that he preyed on churches because he thought they could afford it better than individuals could.

The German "Narr bible" has its name from an unintentional error. The printer's wife had a quarrel with her husband, and to get revenge, stole into his office one night and made a change in the sixteenth verse of the third chapter of Genesis. She altered the word Herr, Lord, to Narr, fool. The result of the jest was her husband was hanged, and she was imprisoned for life.

The late Aynsley Cook had an amusing adventure in Liverpool. He was a man of tremendous bulk. One night after leaving the theater, he hired a four-wheeler which had too evidently seen much service. The vehicle had not gone far before the bottom fell out. The artist bellowed in the deepest bass he could command, but a strong wind was blowing, and the cab had gone a good distance with Mr. Cook running breathlessly inside it, before the jehu pulled up, and started swearing at his "fare" for ruining his cab.

Max Rosenblaut, a tailor of New York, gave his little son a pocketbook to play with, placing in it a dime, and filling the rest of the space with paper, to give it the appearance of wealth. The sight was too much for the honesty of Joseph Shannon, who snatched the purse from the child and, without examining the contents, stuffed it down his trousers' leg and went into a tailor's shop to be measured for a new suit of clothes to be paid for out of his new acquisition. While the measure was being taken the purse slipped down his trousers and fell upon the floor. A policeman came and arrested the thief, but when both sides of the case had been heard the sergeant told all parties to go and keep the peace.

Authorities upon the corn trade expect the Australian wheat yield will be the heaviest in the history of this colony. They anticipate there will be a surplus available for export of 11,735,000 bushels.

MAIN STREET PAVING ORDERED

Plans and Specifications for the Work Approved by the Common Council

South Main street, from East Milwaukee street south to the south line of South Third street will be paved with cedar blocks. This improvement was ordered at a special meeting of the common council last evening. The city engineer presented plans and specifications, which were approved, and the city clerk was directed to advertise for bids, specifying that the work must be completed by July 26. The common council will open the bids and award the contract at the next regular meeting to be held on June 4.

An order presented by Alderman Sutherland and adopted, gives J. P. Wright permission to construct a sewer from his flats on North Main street to connect with the Prospect avenue sewer which runs to the river at the foot of that avenue.

An order presented by Alderman Smith was adopted directing the street commissioner to lay a block crosswalk on the south side of Palm street across Ravine. No other business was considered.

A Bitter Pill.

After a person has had a long enjoyment of a "snap" it is hard to give it up. For a long time the citizens of Janesville and vicinity have been compelled to pay the highest prices for their footwear. But now there is a change. We are in the field. We buy for less than any other shoe house in the city, and sell for less. Each and every day from one to half dozen new fashions are seen in our store. Our advertisements are read and we do as we advertise. These new customers have been buying shoes some other place in the past. It is "galling" to some people to see them come to us. But as we sell the finest shoe made, for one-third less than any other house in the city, we are bound to get the business, and we are making home runs every day. See prices in large display advertisement in this issue. BROWN BROS. & LINCOLN.

MRS. DUDLEY IS OUT OF THE ASYLUM.

FORMER JANESVILLE WOMAN ILLEGALLY COMMITTED.

Liberated By Order of the Milwaukee County—Witnesses Establish the Fact That She Was a Resident of Lake Mills and Not of Milwaukee County.

Mrs. Marion V. Dudley, the former Janesville woman whose case has attracted widespread attention, was illegally committed to the hospital for the insane. Such is the decision of the Milwaukee county court. After her effort to obtain freedom from guardianship on the ground that she was sane had failed, Mrs. Dudley sought to accomplish that end on other grounds. She declared she was not a resident of Milwaukee county, but of Lake Mills, at the time that the proceedings against her were instituted; that the court lacked jurisdiction, and that the Wisconsin laws under which people are committed to insane asylums contravene the state and federal institutions. Judge Sawyer, of Hartford, whom Judge Mann had called in to try the case, heard arguments on these points a few weeks ago and rendered his decision.

We Are Selling Shirts

Well, rather. Never sold as in a month before as yesterday and day before.

Why shouldn't we at the price.

That fine white shirt the best that the "Monarch" people can produce, sold everywhere at \$1.50, this week they go at \$1.12½ at our place.

Those fine Monarch shirts E2 and A31X, usual standard 'price' \$2.00 we sell for \$1.38. This is a pure A No. 1, finest linen dress shirt. Couldn't ask or find a better one anywhere.

As a special we are selling our boys 2B and 3 B Monarch white shirts at 62½ cents. Never saw such excitement as we had on the 75 cent unlaunched shirt, full linen bosom, gusseted throughout, reinforced back and front at 48 cents. (Telegraphed for more last night. Will have plenty for Saturday.) Along with this sale goes 10 per cent. off all furnishing goods in stock.

Rev. Henry Manchester of Attleborough, Mass., administered a sound thrashing to a man on a recent Sunday for leaving church during the reading of the scriptures.

A boy of 15 was arrested at Richmond, Va., for having in his possession \$50,000 worth of Confederate money. He declared he had no intention of putting it into circulation and was released.

Lawton A. Sherman, aged 99, and his wife, aged 97, lately observed, at Exeter, R. I., the seventy-eighth anniversary of their marriage. The following week they buried their eldest daughter, aged 77.

A Liverpool magistrate who found his own name among a batch of complaints charging the defendants with having their chimneys afire through neglect to clean them fined himself double the penalty he imposed upon the others.

A Boston man was dreaming the other night of untold wealth that was being bestowed upon him. When he awoke from his dream instead of having a fortune, he found he was losing a part of one. There was an open window in his chamber and a burglar was going through his pockets.

Rev. W. R. McNeill, pastor of a Baptist church in Emporium, Pa., has received from Bridgeport, Conn., a check for \$10,000 in recognition of a loan he made to Miss Harriet Johnson some years ago, though she was a comparative stranger to him. Miss Johnson died recently and remembered him in her will.

PROGRESS OF INVENTIONS.

The experiment of running weaving looms by electricity is being tried in Germany.

Storage battery street cars are successfully running in Paris. The cars are double-deckers.

Some fine results are said to be obtained in the ornamental working of wood by the use of an engraving machine lately brought forward by a Pennsylvania inventor.

A useful mustard pot has been invented in Germany by which the untidy spoon is dispensed with, the mustard being obtained by pressure on a spring, the opening being automatically closed on release of the spring.

According to engineering experts it is estimated that the average amount of friction or power lost by overcoming friction in machinery and mill work is fifty per cent of the gross power, the loss occurring at the lubricated surfaces.

The Paris-Lyons railway company has followed the recent lead of the Paris-Havre company and initiated the use of electric locomotives for running its trains. The former company has decided to abandon steam entirely as a motive power.

The greatest hoisting engine probably ever built is now being constructed in Milwaukee. It will operate a shaft on the property of the Tamarack (copper) mining company in Upper Michigan. The shaft is 9,400 feet deep, and the engine will be large enough to hoist from a depth of 6,000 feet. The drum will consist of a double cone, with the greatest diameter at the center, and tapering toward each end, the smallest diameter being thirteen feet nine inches, the greatest diameter thirty-six feet, and distance across the face of both cones twenty-four and one-half feet.

THIS DAY IN HISTORY

1629—Richard Cromwell resigned, and the protectorate ended.
 1764—John Mason Good, noted medical writer, born; died 1827.
 1774—John Pye Smith, eminent theologian, born; died 1851.
 1808—Ralph Waldo Emerson, born at Boston.
 1808—Dr. William Paley, author of works on natural theology and evidences of Christianity, died; born 1743.
 1883—The Emir Abd-el-Kader, a true son of the desert, who through two decades fought the French in Algiers and surrendered to them in 1847, died at Damascus; born 1807.
 1887—The Opera Comique burned in Paris; 200 lives lost.

NO CHANCE TO DEFEAT IT.

The prompt and vigorous democratic rally in favor of the Wilson bill demonstrates that that party's line will be unbroken on the final vote, and destroys all excuse for republican filibustering against it. So long as there appeared to be any chance that delay would defeat the bill this course could be justified, as the democrats, without a single dissenting voice, have declared their purpose to vote for the bill as it stands, filibustering would be foolish and criminal. Uncertainty is worse than the worst tariff bill would be which the democrats dare frame. The industries affected can adjust themselves in time to any measure which could have any chance of enactment. It is the suspense which kills. A reasonable time for deliberation and debate should be insisted on by the republicans, but delay for the sake of delay would be disastrous to the country and seriously harmful to the party responsible for it.

The action of the house in determining to have the naval committee investigate the alleged armor plate frauds was in effect a vote expressing a lack of confidence in the administration as Secretary Herbert has had a committee of naval officers investigating the same subject.

Senators Gray and Lindsay, the democratic members of the investigating committee, found it difficult to keep down testimony showing the friendship of the administration for the sugar trust.

One of the greatest causes of trouble in this country is that so many men whose abilities do not fit them for anything better than sawing wood are engaged in building up financial theories.

India has laborers who only get five cents a day. Congressman Black, of Illinois, said in a speech on the tariff bill, that he favored reducing the pay of American laborers to the foreign standard.

The bribery story was a very poor one, but it seems to have served the purpose for which it was originated—driving the democratic senators to the support of the tariff bill.

If we believe that Mr. Cleveland uttered the alleged jokes recently credited to him we should recommend that a brain specialist be employed to treat him.

Senator Jones, of Arkansas, says the Wilson tariff bill will be a law on the first of July, but he neglected to specify the year.

Russia has 350,000 paupers, but it hasn't got a democratic administration and congress to add to the number.

Gold in Ireland.

All authorities agree in stating that the ancient inhabitants of Ireland must have been very familiar with gold and well accustomed to its use. Native gold occurs in geological deposits in many parts of Ireland. Until lately the gold mines of Wicklow were the most productive of the British isles, and besides this there are six other known gold-producing localities—Antrim, Derry, Tyrone, Kildare, Dublin and Wexford. It is probable, however, that many of the earlier auriferous deposits have been worked out or are unknown. It is a fact that no country in Europe possesses so much manufactured gold belonging to early ages as Ireland. In the museum of the Royal Irish Academy alone there are nearly 400 specimens of Irish gold antiquities. The gold antiquities in the British museum illustrative of British history are, without exception, Irish. The museum of Trinity college, Dublin, contains many fine examples, and there are several large private collections. But there is no doubt that much greater quantities of gold ornament than are now known as existing have been lost forever.

Michigan Democrats to Meet June 28

DETROIT, Mich., May 25.—The democratic state central committee yesterday met at the Cadillac hotel and after a sharp fight the date of the democratic state convention was fixed at June 28, and Grand Rapids selected as the place of meeting.

AN ORDINANCE to provide for the issue and sale of certain school bonds, and for the annual tax levy to pay the same.

The Mayor and Common Council of the city of Janesville, do ordain as follows:

WHEREAS money is needed to pay for the erection and equipment of a certain school building to-wit, a high school building and the purchase of a site for such school building as follows:

1. For the purchase of a site for a school building, as recommended by the board of education of said city.

2. For the erection and equipment of a school building, to-wit, a high school upon said site.

And, Whereas, the proposition to issue bonds to the amount of fifty five thousand dollars, (\$55,000) to make the said payments therefor, has been submitted to the people of the city of Janesville pursuant to law, and has been duly approved by a majority of the voters of said city voting thereon, now, therefore:

Section 1. The city clerk of said city of Janesville to hereby direct to cause to be prepared and printed one hundred and ten (110) bonds of said city, for the sum of five hundred dollars (\$500) each, and bearing interest at the rate of five (5) per cent per annum, interest payable annually on the first day of November in each year, commencing on the first day of November 1895, with principal and interest payable at the office of the treasurer of the said city of Janesville.

And the mayor of said city and said city clerk are, and each of them is hereby directed to sign said bonds and each of them, and to seal with the corporate seal of said city of Janesville.

Said bonds shall be payable as follows, to-wit:

Five of the said bonds on the first day of November 1896,

Five of said bonds on the first day of November 1897,

Five of said bonds on the first day of November 1898,

Five of said bonds on the first day of November 1899,

Six of said bonds on the first day of November 1900,

Six of said bonds on the first day of November 1901,

Six of said bonds on the first day of November 1902,

Six of said bonds on the first day of November 1903,

Six of said bonds on the first day of November 1904,

Six of said bonds on the first day of November 1905,

Six of said bonds on the first day of November 1906,

Six of said bonds on the first day of November 1907,

Six of said bonds on the first day of November 1908,

Six of said bonds on the first day of November 1909,

Six of said bonds on the first day of November 1910,

Six of said bonds on the first day of November 1911,

Six of said bonds on the first day of November 1912,

Six of said bonds on the first day of November 1913.

Six of said bonds on the first day of November 1914.

Interest warrants shall be attached to each of said bonds, and shall be signed by the city clerk of said city, and each warrant shall be numbered to correspond with the number of the bond to which said warrant is attached.

Said bonds and interest warrants shall be substantially in the form of those heretofore issued by said city for similar purposes.

Section 2. The mayor of said city is hereby authorized and directed to negotiate and sell said bonds and each of them, at a sum not less than the face value of the same, and when sold to pay over the money received therefor to the city treasurer of said city of Janesville, to be used in the purchase of a site for such school building and in the erection and equipment of a high school building thereon, as above set forth upon the order of the common council.

Section 3. An annual tax shall be levied upon all the taxable property of said city, in addition to other taxes levied thereon, sufficient to pay when due, the annual interest upon each and all of said bonds and also sufficient to pay and discharge the principal of said bonds and each of them, at the time the same shall become due as hereinbefore set forth.

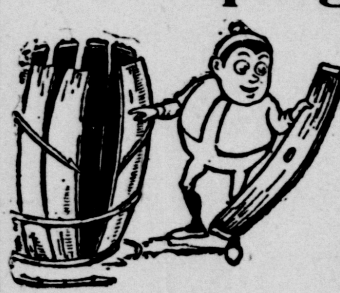

Section 4. This ordinance shall take effect and be in force from and after its passage and publication, which publication shall be for three successive days.

Approved, JOHN THOROUGHGOOD, Mayor.

Passed May 21, 1894.

GEO. H. BATES, City Clerk.

Hooping Up

we sell at half a dollar.

TOO MUCH WIND

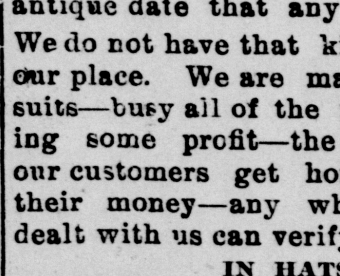

by selling their wares less than cost.

Merchandise that must be sold for less than the cost to manufacture must be exceeding poor or of such an antique date that any price is gain.

We do not have that kind of goods in our place. We are making up many suits—buy all of the time and making some profit—the reason is that our customers get honest value for their money—any who have ever dealt with us can verify the above.

IN HATS

We always were in advance on new things—selling so many keeps our stock bright and clean. If we would let the old timers accumulate we would gladly take 50 cents on the dollar for them. Our new straws are in and are charming. Some beauties at 50 cents. One price to all and everything marked in plain English figures.

What Makes a Business?

Surely not a big building or a showy plate glass front. That doesn't do it by any means. We will tell you what does. The foundation of a successful business lies in its closeness to the people. Not merely to their pocket books, but to their hearts, to their implicit confidence to feel and to know that all are treated right. Not the big I and the little U. We were the first to stand between the people and all heartless monopolies. A store where you can feel welcome at all times, whether you wish to buy or not; where you buy with confidence, where you feel at perfect freedom to do as you like, go up or down, stroll here or stop there, watch the throng and busy life; meet friends and acquaintances; stay a minute or longer, an hour. Come as you please! Go as you please! Do as you please.

We like Opposition. We Defy Competition, and not a Condition can change our Position as Leaders and Promoters of Low Prices.

BOWE CASE DOESN'T COME INTO COURT.

EDGERTON CLERGYMAN NOT
EXAMINED TODAY.

Justice Prichard Called Him to Appear
And Answer to the Charge of Con-
tempt—Many Fyke Nets Destroyed
In Koshkonong—Brief Bits of Local
News.

FATHER BOWE, of Edgerton, did not appear in Justice Prichard's court this morning; neither did Mrs. Ford, the complainant in the celebrated Edgerton scandal case. Father Bowe was summoned to appear before Justice Prichard last Wednesday, and testify in supplemental proceedings concerning how much property he had subject to execution. Father Bowe did not respond, and an order was issued for him to appear at 10 o'clock this morning and show cause why he should not be punished for contempt. In the meantime it is understood the parties have settled the matter between themselves.

A REVIVAL of the old Norwegian Lutheran church matter occupied the municipal court this afternoon. The Norwegian Lutheran church of America sues Isaac Isaacson, of Clinton, for payment on a \$150 note given to help establish a professorship. Isaacson claims the purpose for which he gave the note was not fulfilled.

POLITICS IN THE AIR ALL AROUND TOWN

OSCAR D. ROWE FORMALLY IN
THE RACE.

Will Seek the Nomination for Register of Deeds—How the Situation is As to Other Candidates—James Monahan In Town—Doings of the Prohibitionists.

New candidates for county offices keep bobbing up. The encouraging part of it is, that most of the republican aspirants are the best of timber. The ticket this fall will be a strong one.

C. N. Nye is having no opposition as yet for treasurer. Clerk McIntyre will doubtless go in without opposition. For register of deeds Janesville will have two candidates, Register C. L. Valentine and ex-Mayor Oscar D. Rowe. Mr. Rowe announced himself last evening to be formally in the field and his friends are at work in all parts of the county.

E. D. McGowan, E. C. Burdick, T. W. Goldin and C. B. Conrad are all receiving assurances of support for the clerkship of the circuit court. On this as on two or three other positions the struggle has opened early.

James Monahan, of Darlington, who has many friends in Janesville and who will appear in the republican state convention as the First District candidate for governor, was in the city today making acquaintances.

What Prohibitionists Did.
Before the prohibition county convention adjourned \$100 was pledged to the state campaign fund and forty-five dollars raised as a starter for the county work. S. R. Titus, of Beloit, was re-elected chairman and the committee was made up as follows: F. A. Taylor, Spring Valley; Charles Foster, Avon; Mr. Preston, Porter; Rev. Henry Goodacre, Center; G. W. Williams, Newark; Rev. Mr. Roland, Fulton; George J. Kellogg, Janesville; Charles Pollock, Beloit town; A. E. Wilcox, Harmony; S. H. Joiner, La Prairie; Rev. Mr. Moses, Turtle; Ezra Saxe, Lima; John Barlass, Johnstown; J. F. Cleghorn, Clinton; Professor Coleman, Evansville; G. W. Hargraves and W. J. Davis, Edgerton; James Cleland, A. M. Green, A. Caniff, H. A. Palmer and J. C. Kline, Janesville; George Horigon, Dr. A. Thompson and E. F. Bassett, Beloit.

Delegates to the Convention.
Delegates to the state prohibition were appointed as follows: Captain J. F. Cleghorn, Clinton; Dr. A. Thompson, Beloit; George I. Stratton, Janesville; B. C. Rogers, Beloit; Rev. F. Howarth, Clinton; Dr. Maxson, Milton Junction; George J. Kellogg, Janesville; J. C. Plumb, Milton; A. E. Wilcox, Harmony; J. H. Haviland, Janesville; W. E. Palmer, Beloit; Rev. Mr. Jett, Evansville; Dr. T. F. Stair, Evansville; Dr. H. A. Palmer, Janesville; R. N. Benson, Clinton; S. H. Joiner, La Prairie; John Barlass, Janesville; John Stockman, Harmony; James Cleland, Janesville; A. V. Hendricks, Janesville; C. L. Vale, Beloit; and C. E. Simmons, Beloit.

HEARD WEDDING BELLS RING.
Dougherty-Forbes.
Many in Janesville will learn with surprise of the wedding of Miss Sarah C. Forbes to Charles W. Dougherty. The ceremony was performed by Rev. W. F. Requa at his home, 201 South Bluff street April 15 and the young couple are now at home on Terrace street, First ward.

Krueger-Jeahrling.
The wedding of Miss Laura Jahrling to Ferdinand Krueger, which was announced to take place in St. Paul's church was celebrated at the home of Mr. and Mrs. Henry Vogel on West Milwaukee street last evening. Rev. C. J. Koerner performed the ceremony. The bride's home is in Watertown while the groom is a brother of A. F. Krueger, of this city.

MANY WHITE BASS IN THE ROCK.
State Car Empties a Lot of Fry at Fort Atkinson.
Fish Commissioner Richard Valentine sent the state fish car to Fort Atkinson today with 20,000 white bass which will be set loose in Rock river at that point.

Fish Sold Well.
Lake trout and white fish are very desirable in Janesville. Dunn Brothers advertised that they would have it fresh yesterday noon, and supposed they would have plenty for to-day's trade, but by 8 o'clock this morning they had sold 125 pounds and could have sold double the amount. A little advertising pays.

BINGHAM HIT 107 BIRDS STRAIGHT

Broke the Record in Chicago Yesterday Shooting at Unknown Traps.

Ed. Bingham and a lot of other cracks from Chicago will be here for the shooting club tournament May 29 and 30, and interest in the score Bingham made yesterday is therefore all the greater. He went out to Watson's Shooting Park, Chicago, and broke all the records at artificial target shooting made on those grounds. Shooting for three unknown traps he made a run of 107 straight breaks. The highest previous record was made by J. A. Ruble, who broke 95 out of 100 under the same condition.

Janesville men admit that 107 is a pretty good stinging but they think one or two of the local gunners will give the strangers a surprise.

TOO MUCH MUD NEAR THE T

Property Owners Think the Council Ought to Offer a Remedy.

Adan Holt is improving his railroad hotel property near the passenger depots. A new walk has been laid on the Wall and North Academy street fronts, the Academy street walk extending from the corner of Wall north to the railway crossing. Mr. Holt now thinks the First ward aldermen should do something to get rid of the mud in Academy street in that vicinity, and the aldermen say the best and cheapest way is to put down cedar blocks.

EIGHTEEN WOLF SCALPS TURNED IN

Rock County Men Doing Fairly Well With Sheep-Killers

S. M. Johnson, of Avon, brought in the scalps of four half grown wolves this morning, and deposited them with County Clerk McIntyre, and received \$15 for each scalp. April 23, Mr. Johnson brought in a litter of seven young wolf whelps, receiving the same bounty for each scalp. Matthew Smith, of Newark, on April 25, captured a den with seven whelps, for which he received the state and county bounty.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of recession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

A file of Harper's Weekly during L. Collins bought the entire plant of the Janesville Transfer and Implement company, located at 312-316 West Milwaukee street, at assignee's sale Saturday. The price paid was \$3,000, about 30 per cent of the actual value. The liabilities of the firm are about \$11,000. J. F. Reynolds was the assignee and W. T. Dooley acted as auctioneer. Representatives of the McCormick Reaper company, Deering company, Norwegian Plow company and Milwaukee Buggy company were present at the sale in the interest of the several creditors of the defunct firm, as well as a goodly number of local representatives. The sale was wound up in short order and it is understood that Mr. Collins will continue the business at the present location.

The company was incorporated in 1890, with a capital stock of five thousand dollars.

DR. YUENGST FREE ON HIS DEATH BED.

DISTRICT ATTORNEY WHEELER
ENTERS A NOLLE PROSEQUI.

Doctors Testify That the Patient Cannot Live And the State Withdraws Its Prosecution on the Charge of Murder—Burt Horse-Stealing Case Called.

Dr. Theodore Yuengst will not appear before the bar of the Rock county circuit court to answer the indictment of murder found against him by the grand jury. District Attorney W. G. Wheeler was satisfied after hearing the report made by Drs. C. L. Clark and Q. O. Sutherland, who examined the accused, that Dr. Yuengst could not live but a short time, he being now confined to his bed with consumption. This fact was stated to the court this morning, when the district attorney entered a nolle prosequi, and the case was stricken from the calendar.

The criminal calendar was taken up this morning, the first case to be called being the state against Edwin Burt. Burt is charged with stealing a mare and colt from Barney Radigan of Clinton, September 15, 1881. Burt was in the employ of Radigan, but during the latter's absence from home is said to have taken the mare and colt. The colt was recovered in this city. The mare was sold to horse shippers and went to Chicago where it was afterwards recovered. Burt for some years after resided near Rockford. It was but a short time ago that his whereabouts became known and his arrest followed. At 2 o'clock this afternoon the jury had not been secured.

The trial of Frank Baldwin on the charge of murdering Lorenzo F. Finch will come up early next week.

Important.
Property owners Main and South River streets, who contemplate using city water or gas should have their services connected with the mains before the pavement is laid. This should be done at once to save expense and to keep the pavement in repair even if the service is not required at present.

PRaise THE SHAW FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE
GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

Oscar L. Lienau, tenor singer and teacher of the voice writes: ST. PAUL, MINN., AUG. 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc., I am, yours respectfully, OSCAR L. LIENAU.

Frederick Leavitt, the expert piano tuner:

ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN:—As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh or metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade, "even up" for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Mannerchor Singing society says:

ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Its construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours, W. MANNER.

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's. store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. New subscribers should be reported as fast as secured, but coupons should be tied in bundles of one hundred each and kept until the day the competition closes. Votes have been cast up to date, for the following candidates:

Ainslie Tina.
Baker, Bessie
Ealdwin, L. M.
Campbell, Nellie Ruth
Clifford, Alice M.
Day, Edith
Eldredge, Rose B.
Ennis, Mary
Frink, May
Foster, Lahlie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Huggett, Miss Olive.
Hayward, Minnie
Kenyon, Cora
Kastner, Alice
Loucks, Franc
McCarthy, Maggie
McNeil, Anna
Nichols, Ida
Peters, Nellie
Pease, Bashie K.
Randall, Carrie M.
Wright, Ada V.

Names of other candidates will be added as fast as votes are received. Only bona fide candidates will be allowed. The rule that nobody is permitted to enter merely to represent an organized society will be strictly enforced.

From now until the contest closes a coupon will be printed in each issue of the Gazette.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming off the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

4. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

5. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

6. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and hav-

ing it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

MAKE HAY NOW.

Victories Count as Much Now as Later on in the Season.

The league season is now very much open, and the games that are being played count just as much as those that will be decided in two or three months from now. There is a moral in this assertion, and it is that the club that attends to its knitting from the time that the flag drops will stand a better show for the pennant than the club that dallies along and plays perfunctory ball and does not wake up until the end of the season, and then makes a brilliant finish. The old fable of the tortoise and the hare may be applied to the base ball teams.

Because the season is young, and there are a hundred more games to be played, is no excuse for fritting away a game. The weakness of an adversary should be taken advantage of as quickly now as in the height of the season. The club that can secure a long lead in the spring will have half the battle won, and if the opposing clubs develop unusual strength, the loss of a few games will not be in the nature of a Waterloo.—Sporting Life.

SENATORIAL SHORTCOMINGS.

Just Where the Tall-Enders Are Strong and Weak.

There is no club in the league that can now afford to hold the once despised Senators cheaply. Mr. Schmelz does not claim that he is going to cut any wide swath so far as first place is concerned, but modestly avers he won't be last. Out of the thirty or more players he had on his staff at one time he has selected a team capable of giving a good account of itself, no matter whom it may be stacked up against. The most patent weakness appears to be at second base. Ward does not show that confidence which is so necessary for a first-class infielder. He hesitates in his throwing to first, and even when he does throw he does not impart to the ball the speed he should. To offset this apparent weakness in a fielding way, however, he is a good sticker and fast base runner.—Sporting Life.

Definitely Settled.

Mrs. Rusher—Has Mr. Goldcoin, with whom you have been dancing all the evening, at last declared his intentions, Mabel?

Mabel—Yes, aint.

"I am so glad! And what did he say?"

"He declared that he would never marry."—Vogue.

Said blocks to be sawed and delivered free of delivery as ordered by the street commissioner and shall be from good sound live cedar posts, free from bark, rot or other defects and to be of an average of six inches in diameter.

The council reserve the right to reject any and all bids.

By order of the common council.

GEORGE H. BATES, City Clerk.

Dated Janesville Wis., May 22 1894.

AN ORDINANCE to prevent the obstruction of a part of East and West Milwaukee streets.

The mayor and common council of the city of Janesville do ordain as follows:

Section 1. No person shall at any time hitch or fasten and leave standing any horse, or other animal upon that part of East and West Milwaukee streets lying between the west end of the postoffice building and the west side of Main street.

Section 2. Any person who shall violate any of the provisions of this ordinance shall pay a penalty of not more than twenty-five dollars nor less than one dollar.

Section 3. This ordinance shall take effect and be in force from and after its passage and publication, which publication shall be for three successive days.

Approved.

JOHN THOROUGHGOOD, Mayor.

Passed May 21, 1894.

GEORGE H. BATES, City Clerk.

NOTICE TO CONTRACTORS!

Notice is hereby given that at a regular meeting of the common council of the city of Janesville to be held June 4, 1894, at 8 o'clock p. m., said council will proceed to act in relation to the work mentioned in the foregoing specification, the work to be completed by July 25, 1894. Until the time of meeting of the council sealed proposals for the performance of said work will be received by the city clerk. The council reserves the right to reject any and all bids. By order of the common council.

GEORGE H. BATES, City Clerk.

Dated Janesville, Wis., May 22, 1894.

SPECIFICATIONS.

Specifications for grading, curbing and paving that portion of South River street, in the city of Janesville between the southerly line of West Milwaukee street and the northerly line of Pleasant street.

GRADING.

Said street shall be graded so as to bring its surface at a uniform depth of eleven inches below the established grade of the same and in doing said grading the earth is to be scooped off to the required depth, so as not to loosen the soil below.

Also in all places in said street where trenching has been done for water, gas or sewer pipes or connections of any kind, such places shall be made firm and secure against unequal settling.

Any filling is done in bringing said street to this grade it must be done with sand or gravel free from all perishable materials.

After the surface has been shaped to conform to the pavement above, it shall be thoroughly rolled or tamped to make it secure against any settling; which having been done a ballasting of at least four inches of clear sand or fine gravel shall be spread in such a manner, that the sub-grade of said street shall be uniformly eight inches below the established grade thereof; said ballasting to be well rolled or tamped so as to make it firm.

The cross section of said street, from gutter to gutter being shaped so as to form a segment of a circle, having a rise of one foot for its ordinate at the center of said street.

The grading of said street and the ballasting thereof shall be done under the directions of and to the satisfaction of a special committee appointed by the mayor of said city.

All material excavated over and above what is used in embankment shall be deposited by the contractor beyond the bounds of said street without extra charge.

The work shall be carried on in such a manner so as to impede and obstruct travel on said street as little as possible; and yet be consistent with the speedy and economical completion of said work.

CURBING.

The curbstone is to be of good, durable, Waukesha limestone, free from seams, cracks or other defects.

Each stone shall be not less than three feet long, twenty four inches wide, and four inches thick.

The top of said curbstone is to be dressed to a true line and the face to a depth of ten inches; and the ends of each stone to a depth of fifteen inches, so that close joints shall be formed.

Said stones are to be firmly set on their edges to conform to the alignment and grade given by the above mentioned committee and are to be securely set on a bed of fine gravel at least six inches thick, well tamped and to be thoroughly packed with sand or fine gravel at least six inches in width at their backs.

Provided however, that any curbing now upon said street, that shall in the judgment of said committee be found to be in need of repair, such requirements, shall be permitted to remain in place, or be reset, if the alignment of the street shall so require.

FLOORING.

The surface of said street, having been brought to conform to the sub-grade of the same and having on its surface a ballast of at least four inches of good clean sand or fine gravel, well and thoroughly tamped; there shall be laid thereon a surface of flooring, formed of good, sound, green hemlock boards free from rot, sap, wind shakes or other defects, one inch thick, and from eight to twelve inches wide, and dressed on both sides, and to be laid in close contact with each other and to break joints through, their edges to be straight and their ends sawed off square, so as to form close joints, and present a smooth, compact and uniform surface, conforming to the sub-grade of said street, preparatory to laying the paving blocks.

Between the curbing on either side of said street and resting upon the flooring above specified shall be a paving of cedar blocks, which shall form the road bed of said street.

Said blocks shall have a uniform length of six inches, sawed from good, sound, live cedar posts, of from four to ten inches in diameter free from bark, rot and other defects; they are to be placed on their ends upon the flooring, in close contact with each other, and to be kept well driven up so as to form close joints, and a firm road bed.

During the progress of laying the paving, blocks of different diameters must be so arranged and placed with reference to each other, as to leave the smallest practical space between the blocks.

Spaces approaching a square form must be avoided, and no split blocks of less than three inches in diameter will be allowed.

All spaces between the blocks are to be filled with screened gravel of a quality, size and screening satisfactory to the special committee heretofore mentioned. The same to be thoroughly tamped with proper tools until solid, and refilled and retamped until the spaces have been completely filled with firm and solidly tamped gravel; the whole work to be done under the supervision and to the satisfaction of said above mentioned committee.

After the filling shall have been completed, the top surface of the paving shall be swept off with a coarse broom, and left uncovered until it has been inspected by the special committee above mentioned. After such inspection and acceptance, the paving shall be covered with fine screened gravel to a depth of one inch.

CROSS WALKS.

At the intersection of Dodge street and said River street there shall be four cross-walks, which shall be made by raising the pavement in the usual manner, to a three inch rise in the center of the walk; the same to be twelve feet wide and so constructed that the crown will be even and of such grade as directed by said above mentioned committee.

The street upon its completion shall be left free from rubbish and impediments of all kinds. That portion of said street adjacent to and adjoining the improvement, and those portions of cross streets adjoining the same shall be left in as good condition, as just preceding the commencement of the work herein specified.

All connections of the pavement with the sewerage, gas or water opening, shall be substantially and properly made, and the street upon completion shall have a uniform smooth surface, conforming to the final grade and to the grade of said street, and it shall be left by the contractor in perfect order and condition.

It is expressly understood that the contractor shall not be entitled to any bill against the city of Janesville for the cost of the work herein specified, or before the same has been completed and accepted as herein specified.

It is expressly understood that the price per square yard named in the contract for paving said street, shall cover the whole cost of grading, furnishing, preparing and laying the floor and paving blocks as herein specified, and to be completed and accepted as herein specified, and the furnishing, placing, setting and properly securing in position new curbing as herein specified. No extra allowance whatever will be made.

These specifications are hereby declared and understood to be a part of the contract for grading, curbing and paving said street and to be all the work in reference thereto so far as the same are included in said specifications.

Why They Fail.

On reading the statistics on business, the fact is learned that 98 per cent of merchants fail. Why? One cause of the many failures (you need not look for more) is the Low prices in the papers and the high prices in the store. Whatever measure of success we have met is due largely to keeping faith with our patrons. When we name a price in an advertisement our patrons all know that price goes. Satisfied customers are the best advertisement a house can have.

OUR METHODS AND OUR REWARD--As to the former we would remark that they are ours and ours only. We buy and sell our own plans and specifications. Imitation is only form of flattery and we never flatter. Again, we never bid against ourselves. We make the price and it always goes---we don't put down here and put up there. As to our reward, verily we are having it. The people are wise enough to know their friends, and the amount of trade tells a truthful tale.

In writing advertisements for an intelligent community to read we believe in sticking right to our text, the Dry Goods Business, pure and simple. We never will step aside from legitimate advertising to abuse a competitor, and we don't like to go out of our regular line of dry goods work to notice their abuse of us. But some of them have been so persistently telling the public what "Little Fellows" we are, that we have determined to see if we can grow some.

Our avoirdupois is up to the standard and we reached man's estate some time since, so by "little fellows" they must refer to our business standing. Well to tell you the square truth we believe we can increase our volume of business and with that end in view we are offering this spring some of the **Greatest Dry Goods Bargains** ever placed before the people of this community. If you want to see how our friends are helping us grow. Step in any afternoon or evening and judge for yourselves.

And now in order not to let a day pass without offering you some fresh inducement we will sell

25c French Satines at 12½c.

We have got about fifty pieces of 25c French Satines they are as handsome as India silks, beautiful effects in Black grounds and colored figures and some exquisite things in Cream grounds. We mean just what we say. We will sell those beautiful 25c satines at 12½c. And any day that you see any article advertised by any competitor, that day you come to us and we will beat that price. We are bound to grow a little. Come to us this season to your advantage.

BORT, BAILEY & COMPANY.
